

Project Case

Finelock™ M48 System Scaffold

Project Case

Hospital Building

Chefoo Center for Disease Control and Prevention

Project Duration:
2022.11-2023.10

Project Location:
Zhifu District, Yantai City

Contractor:
China Construction Fifth Engineering
Division Corp., Ltd

360,000 m³
Scaffolding Cubic Meters

Project Case

Cultural Buildings

Qingdao Oriental Movie Metropolis is the world's largest investment in the film and television industry integrated project. The project covers an area of about 3.76 million m², with a total construction area of about 5.4 million m², including film and television industrial park, well-known hospitals, international schools and other formats.

Qingdao Oriental Movie Metropolis

Project Duration:

2015.10-2018.11

Project Location:

Qingdao West Coast New Area

Contractor:

China State Construction Engineering Group Co., Ltd

4,780,000 m³

Scaffolding Cubic Meters

Project Case

Chemical, Oil & Gas Industry

Chemical, Oil & Gas Industry

Project Duration: 2023.10-Now

Contractor: Shanghai LBT Engineering&Technology Co., Ltd

■ Project Management

Scaffolding contracting services are not only about labor, scaffolders, or installation and dismantling, but also closely related to the success of whole project, requiring professional ability to manage and collaborate with the main contractor and other cross-operators to ensure that the project duration, quality and safety standards are met. To work with Wenma, we take care of all of that.

Shipbuilding Industry Project

安全第一 质量第一

Shipbuilding Industry Project

Project Duration: 2023.10-Now

Contractor: Shanghai Steel Structure Co., Ltd

■ Safety Process

The safety of scaffold project is related to the quality of each component, the design of structure and load capacity as well as the behavior of each person at the job site. Therefore, systematically planning and managing every detail is the key to achieving a high level of safety performance. It's on the job site, but not just there. Working with Wenma, we take care of the whole process.

Project Case

Cultural Buildings

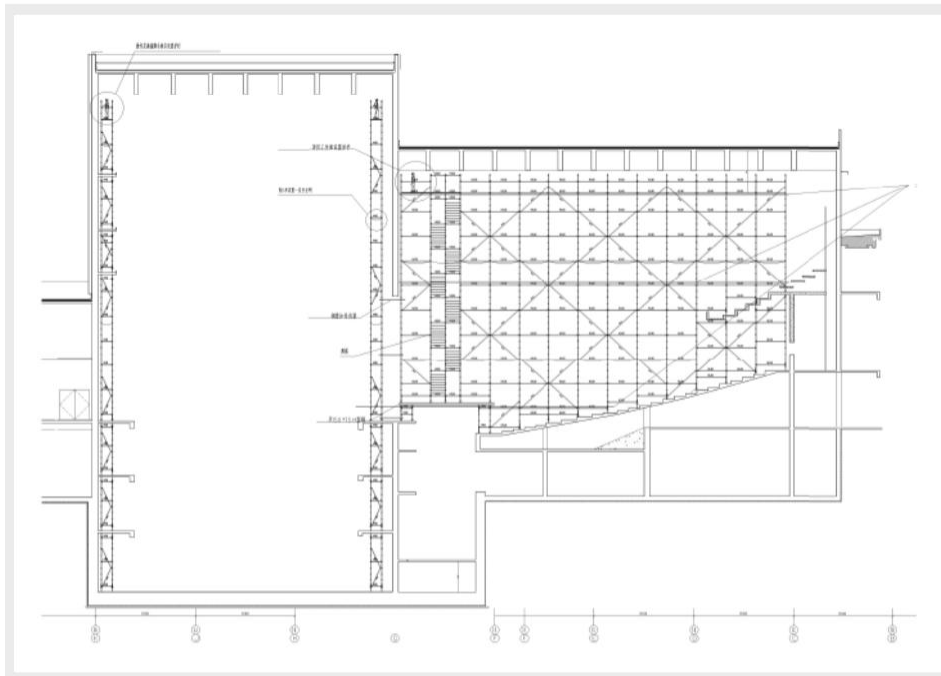

Binzhou Poly Grand Theater

Project Duration:
2016.8-2017.7

Project Location:
Bicheng District, Binzhou City

Contractor:
Shandong Binzhou Construction
Group Corporation

60,000 m³
Scaffolding Cubic Meters

■ Engineering Design

Equipped with our own in-house CNAS certified laboratory and mechanical structure testing facility, our professional R&D and engineering teams are always ready there to provide you all technical related assistance, such as Statical Analysis, Shop Drawings, Assembly Drawings, Technical Documentation, Project Planning and On-site Training, etc.

Project Case

Cultural Buildings

International Art Center of Longgang District

Project Duration:

2023.10-2024.6

Project Location:

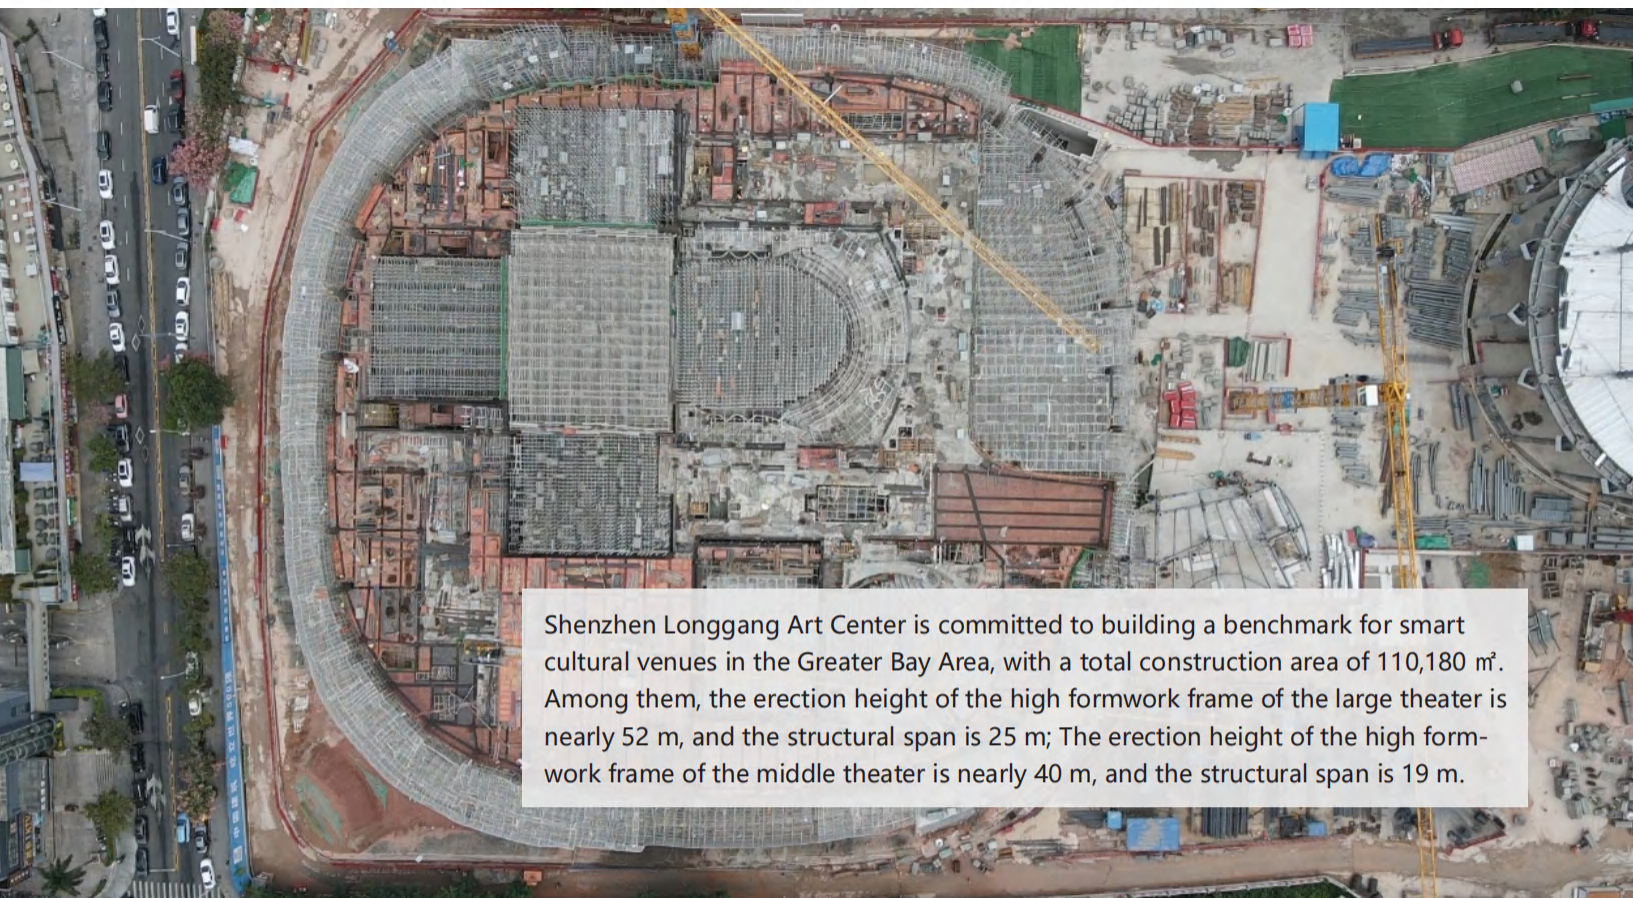

Longgang District, Shenzhen City

Contractor:

China State Construction Engineering Corporation

100,000 m³

Scaffolding Cubic Meters

Shenzhen Longgang Art Center is committed to building a benchmark for smart cultural venues in the Greater Bay Area, with a total construction area of 110,180 m². Among them, the erection height of the high formwork frame of the large theater is nearly 52 m, and the structural span is 25 m; The erection height of the high formwork frame of the middle theater is nearly 40 m, and the structural span is 19 m.

Project Case

Cultural Buildings

Permanent Venue of Global Mazu Culture Forum

Project Duration:

2017.5-2017.11

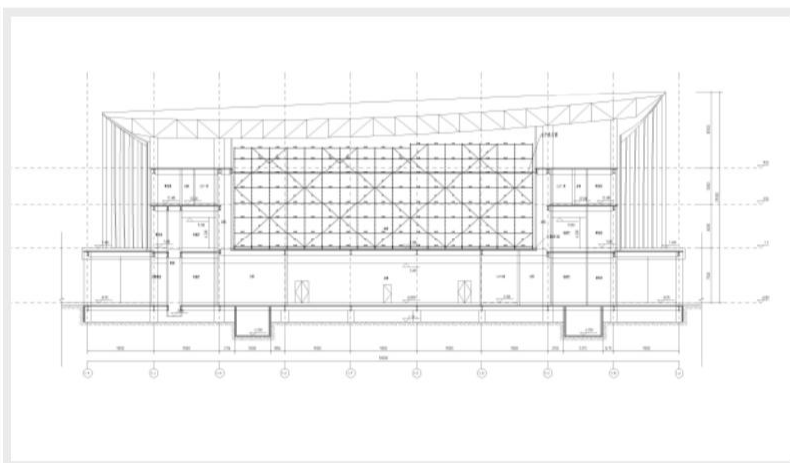

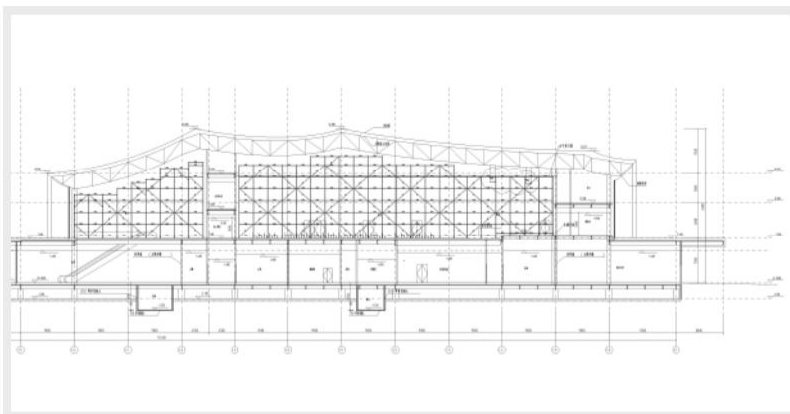

Project Location:

Xiuyu District, Putian City

Contractor:

China State Construction Engineering Corporation

30,000 m³
Scaffolding Cubic Meters

■ Innovative Equipment

Our patented scaffolding equipment serves as the fundamental pillar of safety and efficiency for our clients. We meticulously design, manufacture, and continuously innovate our equipment using state-of-the-art technology to cater to diverse projects and customized requirements of clients. Moreover, we never forget cost control that benefit our clients.
